

Packaged IT Services

Problem

- Would you like to single source your complex IT projects—infrastructure, custom application development, assessments, etc.—and still enjoy the cost savings of an aggregated proposal?
- Are you paying hardware and software vendors inflated rates for integration services because you don't have time to bid services out separately?
- Is your IT environment inefficient, poorly integrated, outdated or costing you too much to maintain?
- Do you need specialists for large or complex projects, but don't have the resources to hire more IT staff?

What should you do?

You may want to consider IQ Tech Pros, the world's largest full-service IT integration *network*.

SOLUTIONS AND SERVICES

IQ Tech Pros is the world's largest full-service IT integration *network* with over 15,000 IT consultants and integrators worldwide. The *network* can deliver any IT project, large or complex, with specialists in every major IT field and experience in a broad range of industries and vertical markets.

Following are some of the IT services available through IQ Tech Pros:

INFRASTRUCTURE

Services to help you assess, plan, design and maintain an IT strategy that will reduce cost, increase efficiencies and improve your IT service quality to realize a fast and substantial ROI.

- ✓ **Enterprise Architecture.** Transform your IT strategy to align with specific business goals.
- ✓ **Mainframe Services.** Operational transformation, modernization and migration services.
- ✓ **Virtualization.** Create a dynamic and flexible IT infrastructure across your enterprise.
- ✓ **Data Center Optimization.** Transformational services to enhance and upgrade your processes and data centers.
- ✓ **Data Migration.** Transfer existing data into new systems and applications.

CUSTOM APPLICATION MANAGEMENT

Augment your staff with Application specialists or let the *network* manage your entire suite of applications to reduce cost, maintain stability and increase productivity.

- ✓ **Application Development.** Adopt and integrate new technologies into your business.
- ✓ **Application Management & Operations.** Manage your entire suite of applications.
- ✓ **Application Portfolio Modernization.** Transition from your legacy applications to dynamic, cost-effective and business-centered systems.
- ✓ **Independent Verification & Validation.** Quality assurance testing that will meet or exceed your industry and organizational standards.

INFORMATION MANAGEMENT

Services to help you organize, access, share and use critical information to improve decision making, financial management, regulatory compliance and customer service.

- ✓ **Regulatory Compliance.** Automate compliance processes and eliminate human error audit risks.
- ✓ **Data Warehousing & Bus. Intelligence.** Deliver information in a simple and efficient way to make better business decisions.
- ✓ **Enterprise Information Portals.** Integrate information, people and processes across organizational boundaries.
- ✓ **Enterprise Content Management.** Implement content technologies, strategies, methods and tools at the enterprise level to meet strategic business objectives.
- ✓ **Enterprise Resource Planning.** Implement a computer-based system to manage internal and external resources including tangible assets, financial resources, materials and human capital.

PACKAGED APPLICATIONS

Pre-packaged, comprehensive and cost-effective management applications can be implemented quickly to let you realize immediate business results.

- ✓ **Data Warehousing.** Electronically store your data for comprehensive reporting and analysis.
- ✓ **Document & Content Management.** Manage workflow in a collaborative environment.
- ✓ **Customer Relationship Management.** Streamline interactions with clients and prospects.
- ✓ **ERP Supply Chain.** Develop a platform to effectively manage changing supply chains.
- ✓ **Software as a Service.** On-demand, subscription-based services provide flexible and scalable technologies quickly and at lower costs.

PLUS MORE!

If you have custom needs or projects that are “outside-the-box,” IQ Tech Pros can provide specialized IT services to keep your business running smoothly.

Why Use IQ Tech Pros?

There are four main reasons to consider the IQ Tech Pros *network*:

1. It is the world's largest full-service *network* of highly qualified IT talent.
2. It provides the best IT professionals.
3. The services are scalable.
4. The pricing is highly competitive.

Let's look at each of these points in detail:

1 WORLD'S LARGEST TALENT BASE

With over 15,000 consultants and IT integrators, the IQ Tech Pros *network* has more pre-qualified, full-service employee talent than any other source.

- ✓ **Immediate Infrastructure.** From start to finish, your project is in the capable hands of certified project managers, business analysts, thought leadership professionals and the world's largest full-service IT integration *network*.
- ✓ **Customized Project Teams.** Project managers and business analysts compile your requirements and assemble talent based on your specific project needs. You can access team member profiles for review at any time.

2 THE BEST IT PROFESSIONALS

Members of the IQ Tech Pros *network* are the best IT professionals:

- ✓ **IQ Tech Pros Employees.** Unlike free-lance sites that are filled with thousands of unscreened independent contractors who require separate vendor IDs, most IT talent hired through IQ Tech Pros are employees of the world's largest full-service IT integration *network*.
- ✓ **Access to Best Practices.** *Network* members have access to a centralized knowledgebase of best practices and work collaboratively to offer you proven IT solutions.
- ✓ **Fully Insured.** Members of IQ Tech Pros have access to complete benefits and are fully bonded and insured to the highest level required by even the most demanding clients.

- ✓ **Proven Track Record.** IQ Tech Pros employees have an average of five plus years of IT consulting and project management experience — in addition to the years spent working within other companies.
- ✓ **Unique Screening.** Finally, every prospective employee of IQ Tech Pros goes through a four-point review process.
 1. Skills are rated in a detailed technical interview process.
 2. Previous and ongoing projects are reviewed to ensure they meet client requirements and expectations.
 3. A 20-point reference check is done with previous managers and past contracts — all projects are referenced.
 4. A detailed background check is completed to screen for possible illegal drug use or criminal involvement.

Consultant and project membership is by *network* invitation only.

3 SCALABLE SERVICES

IQ Tech Pros can handle any project—large or small, simple or complex, local or worldwide.

- ✓ **Repeatable Methodologies.** Specialists incorporate industry-specific, proven and repeatable methodologies to every project to shorten project completion time and ensure customer satisfaction.
- ✓ **Global Delivery Model.** 24/7 productivity can be achieved by combining IQ Tech Pros' onshore and offshore resources to complete large or complex projects quickly. On-site project management is always available to keep things running smoothly.

IQ Tech Pros operates CMM certified facilities globally.

4 COMPETITIVE PRICING

IQ Tech Pros offers highly competitive pricing. Here's how:

- ✓ **Low Overhead.** The IQ Tech Pros *network* is a very efficient organization with minimal administrative bloat and overhead. Significantly more of the project revenue goes to the *network* members—and much less is used for executive perks and skyscrapers.

This efficiency translates to less overhead and a MUCH lower cost to you. Our golf game suffers...but your projects won't!
- ✓ **A NEW Model.** IQ Tech Pros uses a NEW model, not one of the old "BIG consultant" models. It's like a consulting co-op where members are treated as owners and employees.

Everyone does much better—the employees and the clients, who receive superior quality services at a highly competitive price.

PICTURE THIS...

The next time you need help; just place one call to IQ Tech Pros. Your project is then completed on time, it meets or exceeds expectations—and you are the hero... all because you used the IQ Tech Pros *network*.
